Tips for the team:

Spread the word! Most of the time people hear from friends and family about what we do so share all the fun on social media with your friends and family. Let's keep going with creating content - share all the fun and exciting things we do at our community hub.

As a Brand

Rubislaw care home were kind enough to invite us to the opening of their new dementia garden. It was fantastic to support such a fantastic project.

Our incredible volunteers and staff enjoyed Grampian Pride. Providing free face painting to the public and supporting the event at Duthie park.

Zara delivered her first PEEP session which was very successful and enjoyed by many families.

As always we have been working hard training volunteers, gaining sponsors and planning all the fun events that are coming up.

**Thank
You**

**As a Brand thank you for all your continued support.
We couldn't achieve what we do without you!!
We cant wait to see you in the future**
